

**VIAIKINGS TECHNOLOGIES**

viaikings@gmail.com

www.viaikings.com

**Viaikings Technologies** is one of Emerging company in the field of Engineering Services. Our Expertise lies in the field of Electrical Engineering, Industrial Automation & Security System Solution . We emphasizes on **Electrical projects , industrial automation, Security System** control with innovative design, Technology, Cost- efficiency and Optimum performance.

**We are Dealer, Supplier For Electrical Switchgear , we deal in all type of Industrial and Domestic Electrical Switchgear ,Sensors & engineering goods.**

We believe in saving time and money of our clients. We are providing industrial solutions at one stop in all direction i.e. servicing, repairing and project management with precise results. We have in depth knowledge accumulated through experience gained from wide range of industries, automation world, with in - house service, repairing, support, and ability to conceptualize and implement engineering solutions at each bit of your machine needs. We commit to do this with high level of commitment, reliability & quality performance. An effective quality management system and cost effective services are our greatest assets.

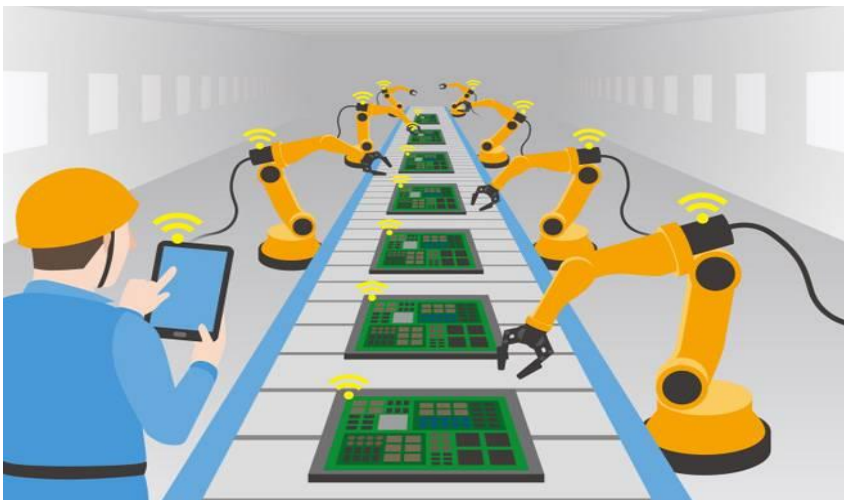

We as an Service Provider, proudly pronounce the commitment to understand, meet and when possible exceed our Customer's requirement .This would be achieved through the continuous improvement of our processes and training of our employees.

# Vision

To meet the customers expectation on quality performance and reliability. Consider and satisfy in-depth our customers' needs. Follow up and apply the modern technological developments, To create Solutions for customers enhance productivity, reliability, reduce wastage. We Reduce cost by providing value added servicing in Engineering. we want to make our world safe and provide Green energy for better environment .

# Mission

To achieve total customers satisfaction. Strive for continuous improvement of our products and services. To provide Growth to employees, Transparent and Healthy work environment. Support green energy for better world.

# ELECTRICALS SWITCHGEARS

**We are Supplier For Electrical Switchgear , we deal in all type of Industrial and Domestic Electrical Switchgear & engineering goods.**

- Air Circuit Breakers (ACB)
- Moulded Case Circuit Breakers (MCCB)
- Miniature Circuit Breakers (MCB)
- MCB Distribution Boards
- Power Contactors
- Soft Starters & Drives
- Switch Disconnecter Fuse Units
- Plug-In Relays
- Control & Signalling Units
- Residual Current Circuit Breakers (ELCB/RCCB)
- Surge Protection Devices
- Meters & Capacitors
- Industrial Plugs & Sockets
- All types of Conserve Meters & Lighting Energy Savers
- Cables

# SENSORS

- Level Switch
- Customize Level Switch

- Side Mounted Level Switch
- Vertical mounted level switch
- Magnetic Float Switch
- Adjustable Level Switch

# ELECTRICALS PANELS

## Complete job of Design, Supply, Installation

- PCC (Power Control Cubical)
- MCC (Motor Control Cubical)
- MLP (Main Lighting Panel)
- APFC Panel (Automatic Power Factor Control)
- Soft Starters Panel
- DB (Distribution Board)
- PLC panel

# Control panels

Viaikings Technologies undertakes the complete job of design, supply, installation on a turnkey basis projects for electrical and automation systems

## Application areas :

- Pharmaceuticals
- Printing & Packaging
- Heat Treatment
- Process control

# Automation Solution Provider

Industrial Automation, Process Automation, Machine Automation, Special purpose Machine(SPM), Annual Maintenance Contract.

- Automation System
- Design Engineering
- Engineering Services
- Detail Engineering
- Software Development
- Installation & Commissioning
- On Call Troubleshooting
- AMC & Preventive

PLC & SCADA engineering for **Siemens, Rockwell Automation, Mitsubishi ,ABB, Schneider, Delta, Omron, GE** , etc. SCADA Development. Conversant with Profinet, Profibus, ASI, Modbus and Ethernet communication protocols, OPC Technology, Third party interface.

We have the expertise and extensive experience needed to evaluate your system requirements and deliver a well-engineered, maintainable and expandable automation system, tailored to meet your needs in industries including **Pharmaceutical, Pumping station, Chemical, Food, Material Handling, Machine Tools, Plastics, Textile, Printing, Packaging, Special Purpose Machine (SPM), Labeling Machine, Bottle Packaging, Auto packing machine, Motion control, Process Automation, SCADA** and many more.

In Security System we deal in all type of Electronic product related to security & surveillance system. Our solutions that use cloud technology include **CCTV Surveillance System,**

# Electricals Trunkey projects

We take all types of Electrical projects ,Industrial and domestic (Retail design)

CCTV  
BIOMETRIC  
FIRE DETECTION & ALARM SYSTEM  
INTERCOM  
VIDEO DOOR PHONE  
EPABX SYSTEM

# SECURITY SYSTEM & SOLUTION

- CCTV surveillance system
- Network camera
- Bio-metric
- Intercom
- Fire detection and Alarm system
- Solar street light

# Clients

## Direct clients :

- Ecube Design
- ONYX Technosolution
- SEWtech
- Airtech Engineering
- Playerzpot media pvt.ltd
- Samrin group

## Indirect clients :

- Amazon.in . (Amazon Seller Services Private Limited)
- ASB international Pvt.Ltd
- EXIDE batteries
- JSW

# Quality Control Services

We serve the quality not just quantity. Quality is never an accident it's always the result of intelligent effort.

To meet the customers expectation on quality performance and reliability. Industrial Quality Control uses scientific techniques to determine product and service capabilities, to enable an organization to economically provide a product or service suitable for its intended purpose. The objective of a good quality-control program is to enable all people and machines concerned to do their jobs right the first time and to provide assurance to the customer that this has been done.

- 1.Factory Acceptance Test
- 2.Site Acceptance Test
- 3.Cold Run Trial
- 4.Quality Assurance.
